

AnySecurity Solution

This product combines all the energy technology solutions AnyMAX with a complete system of monitoring and warning

Main features

- **Day and Night Vision**
- **Video motion detection**
- **Automatics tracking of intruders**
- Audio detection
- **Audio interception 2x70 Watt**
- **Log in EDGE / 3G and WIFI**
- Local Storage

Video

- **A dome camera with 4 little cameras of 2Mp**
- Panoramic view (360°)
- Registration of relevant images to disk SD (shockproof)
- Infrared illuminator 50m

Audio

- Arrest audio of 2 x 75 Watts
- Noise detection

Batteries

- Autonomous system of 1350 W.h
- Lithium Iron Phosphate Battery technology

Network

- IPv4, IPv6, HTTP, NTP, RTP, DHCP

Operating condition

- Temperature : - 20 to 60 ° C

Power supply

- 230 V AC, 50 Hz, 3A
- Log Phase, Neutral and Earth

Without lead
Without cobalt
